

Paul Harper

Keith Adkinson

Margaret Rose

Dear

DON'T LOSE YOUR VOTE TO COVID'19

We live in unprecedented times. We have the largest local elections in history on the 6th May 2021 and despite requests from Councils and election professionals to delay the elections the Conservatives have decided to go ahead in the middle of a pandemic.

We have valued your support for us in the past and hope you will support us this year as well.

This year we have critical Borough Council and Kent County Council elections. You have **three Labour Councillors for Fant** and we need to ensure that for your benefit we keep it that way. The Fant Labour Councillors work tirelessly. Your Labour Councillors are known in Fant & across the Council for their hard work promoting the interests of Fant and the ordinary resident and putting helping people above politics.

We want to continue to thank to all essential workers for their work to keep the community going.

We know how difficult it is to get to the polling station on voting day, and especially in a pandemic when we are all told to stay at home as much as possible.

We have a solution!

You can apply for a postal vote. This means that before election day your vote will be posted to you at home. You can then vote from home and just have to post it back.

Attached to this letter are a number of postal vote application forms for the whole household.

Please fill in & post to Maidstone Council, Maidstone House, King Street, Maidstone, ME15 6JQ

Alternatively you can fill it in electronically at the following website:

<https://maidstone.gov.uk/home/primary-services/council-and-democracy/primary-areas/voting-And-elections/tier-3-primary-areas/ways-of-voting>

Fant Campaigner Patrick Coates says “please fill in your postal vote application, only by voting for your local **Labour** team can we continue to help you and Fant residents. As someone who has spoken with most of you over the years, I know that it is only when Labour and residents work together that we can achieve things for Fant people.”

Patrick Coates

Cllr Paul Harper says “I have missed the opportunity to speak with you over the last year during the pandemic, but to keep in touch our regular newsletters are now being published on our website at <https://www.maidstonelabour.com/category/fant-labour-news/> please go there to see what we are doing and to keep up to date with Fant news and also <https://www.maidstonelabour.com/category/fant-councillors-blog/> to see our regular blogs.

Yours sincerely

Councillor Paul Harper, Councillor Keith Adkinson and Councillor Margaret Rose
